

If your visit to Sin City will be more than a night or two, consider making the experience more luxurious at a lower bargain price. An example of a recent offer is a one bedroom balcony suite at Signature Condo in the MGM complex near the Las Vegas Strip for just \$61 a night.

It won't quite be as ritzy as the queen's royal chambers at the Versailles Palace. However, it could make your stay in Sin City a bit more sinfully enjoyable. www.tripadvisor.com
