

Good news for senior roadies, RVers and other roamers who won't leave Rover nor Fido at home when visiting the Trump International Hotel in Las Vegas. The upscale resort offers programs that treat beloved family canines to the kinds of lush luxury only Sin City can provide.

The services include gourmet dog food, fresh bottled water, chewy toys, canine candy, pet sitting, escorted strolling and duty calls in a nearby pet park. Additionally, for the ultimate in pampering, owners and four-legged best friends can enjoy shared sessions of massage therapy.

Sorry, cat people, all of these beastly luxuries at Trump Las Vegas are for dogs only. For more info and fees, go to [www.trumphotelcollection.com](http://www.trumphotelcollection.com)
