

To make flying more serene, Virgin aircraft will feature quiet moments for passengers to reflect and relax while in the air.

Your travel4seniors.com editor volunteers some prayers I would fervently offer in flight for heavenly Virgin fulfillment:

Please don't send my checked luggage to Timbaktu!

I hope there's no nutcase with a bomb aboard my flight!☹

Let there be no three-hour delays on the tarmac!

I pray there's no 400-pound passenger, barfing alcoholic, stinky smokaholic nor wailing poopy baby next to me on my aircraft seat!
