

Designing and testing are now happening in Japan, China, USA and other parts of the world. In the not-too-distant future you'll be able to travel by train from New York City to Los Angeles in one hour, and NYC to London thru an underwater tunnel in two hours! Of course, it could take you three hours in heavy traffic to drive the 20 miles from home to the busy downtown station before you can board your bullet train. www.usatoday.com/story/travel/news/2019/05/10/bullet-train-fastest-travel-prototype-testing-begins-japan
