

Q: That's about all the high school Spanish I can remember to make my case. I'd like to spend a week or two in Spain this summer, visiting Madrid, Barcelona and beach towns. I don't feel like traveling alone, but maybe with an escorted tour or fellow single. How do I post online to find compatible travelers for the trip? *MLP, Ocean City NJ*

A: With the dangers of internet hacking, it may be wise not to post your message, email address nor other ID on an online ad. First, check at a local church, school or senior group for schedules similar to your plans. Of course, sometimes you could hit it right by joining thru a commercial site, but it's wiser to travel with familiar local people and organizations.
