

There have been reports of the dirty deed happening. A hidden camera could spy to prevent you from swiping stuff from the honor bar and/or sheets, towels and blankets. And when you undress or take a shower, will you feel like a naked Lady Godiva with sneaky eyes and ears following your every bare move?

For ideas on how you can protect your nakedness and other private activities at the Airbnb you rent, go to www.fastcompany.com/90331449/how-to-find-hidden-cameras-in-your-airbnb-and-anywhere-else
