

Located downtown on historic Fremont Street, the hotel opened in 1980 as the Sundance, and later named Fitzgerald's. It has been the D since 2012. Entering from the street, first-floor visitors experience contemporary table games and the latest in slot machines.

For seniors with fond old Vegas memories, the second floor casino has historic decor, vintage slots and traditional horse racing sports book. There's also a keno lounge and free entertainment by The D's talented dancing dealers and cocktail waitresses. For more info, go to www.thed.com
