

Everyone knows about Geno's and Pat's, world-famous cheese steak eateries in South Philly. These days customers can also experience cheese steaks and more at Mac Mart, a mobile eatery that roams nearby neighborhoods.

You may find Mac Mart Cart downtown near City Hall below Billy Penn's statue, at the University of Pennsylvania, the Art Museum and other areas. One of the most popular items on the menu is a genuine Philly cheese steak and macaroni special.

The truck earns its name by also offering, among other dishes, many varieties of delicious mac and cheese combinations. For the full menu, location schedules and booking for special events, go to macmartcart.com
